Q LABEL 01 Teaching Manual

本站原创教材 / 人工参考 / 未执行目标工具

Purpose

Q-LABEL 01 is a fictional teaching printer. This manual describes only loading a paper roll and printing a test la bel.

Buttons

POWER: Hold for 2 seconds to turn on.

FEED: Press once to move one label.

STATUS: A green indicator means ready. It is an indicator, not a button.

Load a roll

1. Turn the printer off and open the top cover.
2. Place the roll so labels exit toward the front slot. Close the cover.
3. Turn on. When STATUS is green, press FEED once. The test label reads TEST 01.

Not specified

No Wi-Fi setup, Bluetooth pairing, phone app, firmware update or cutting function is defined in this teaching mo del.
